

Bagshaw's Vets

What will the system produce?

Bagshaw's Vets

Key Questions to Ask

- who will use the database?
- what will the database produce?
- how will it display this information? On screen? On paper?
- who will use the outputs? The client? Their customers? Someone else?
- how often is each output going to be required? Once a day? Once a week? When will they be needed?
- how often will new data be added to the database? Who will add it? What will be added?
