In iMedia you **ALWAYS** need to be thinking about working in a **professional environment**.

You should always be thinking about working as a **creative professional** (graphic artist, video editor, web designer etc...) NOT a 16 year old pupil in a school.

What different jobs would be involved in comic production?

Why do they need to be organised?

Explain why the production company should produce a work plan for the production of the Velocity Girl comic

[6 marks]

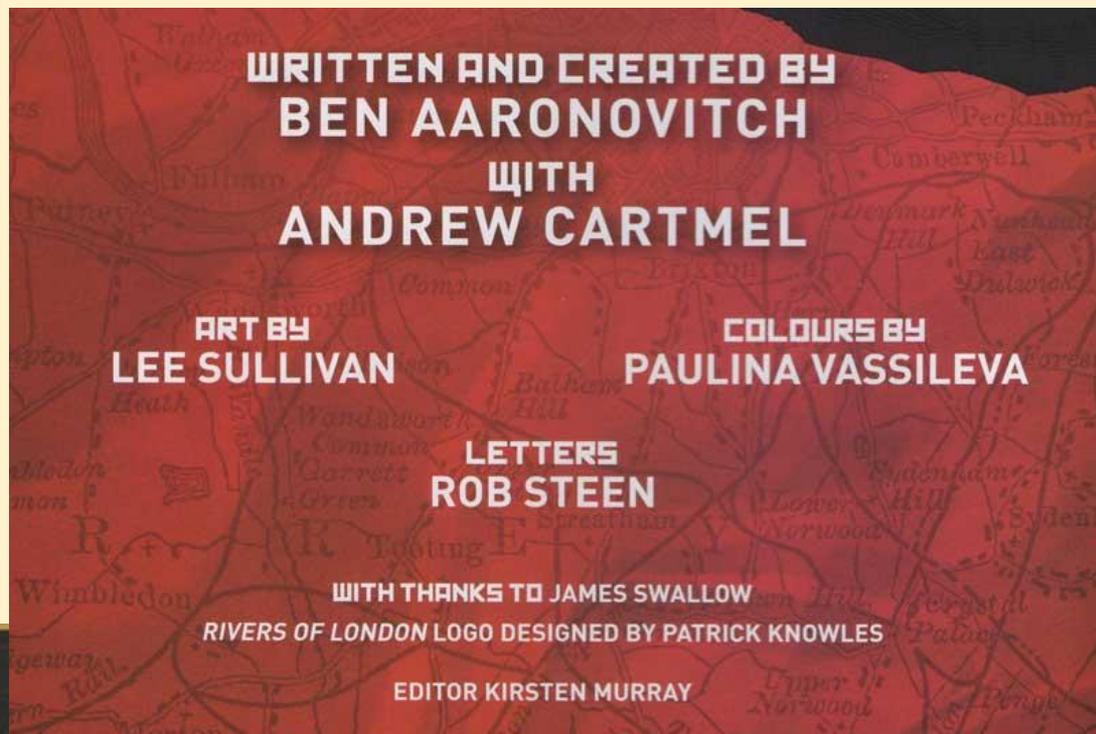

What different jobs would be involved in comic production?

- graphic artist(s)
- writer(s)
- colourist(s)
- lettering
- editor

Work Plans

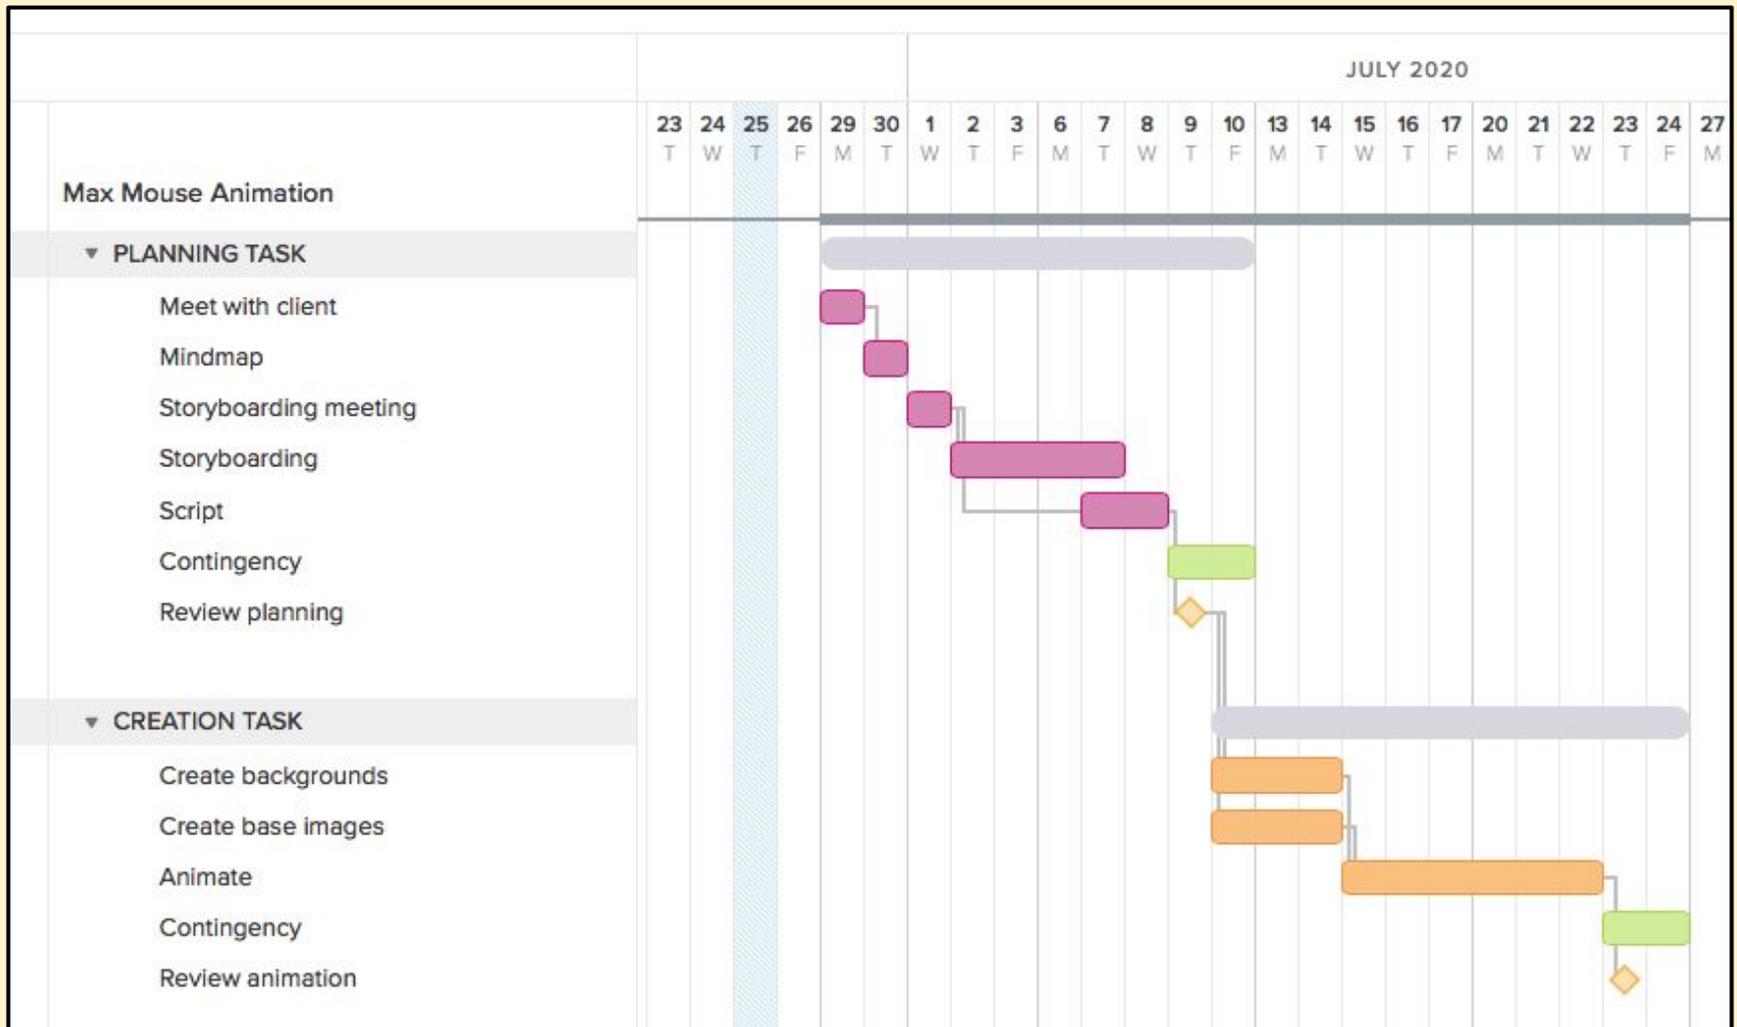

Work plans can be produced in different ways and with different information on them.

- 3 A radio advert will also be created to promote the new construction toy and a work plan has been produced.

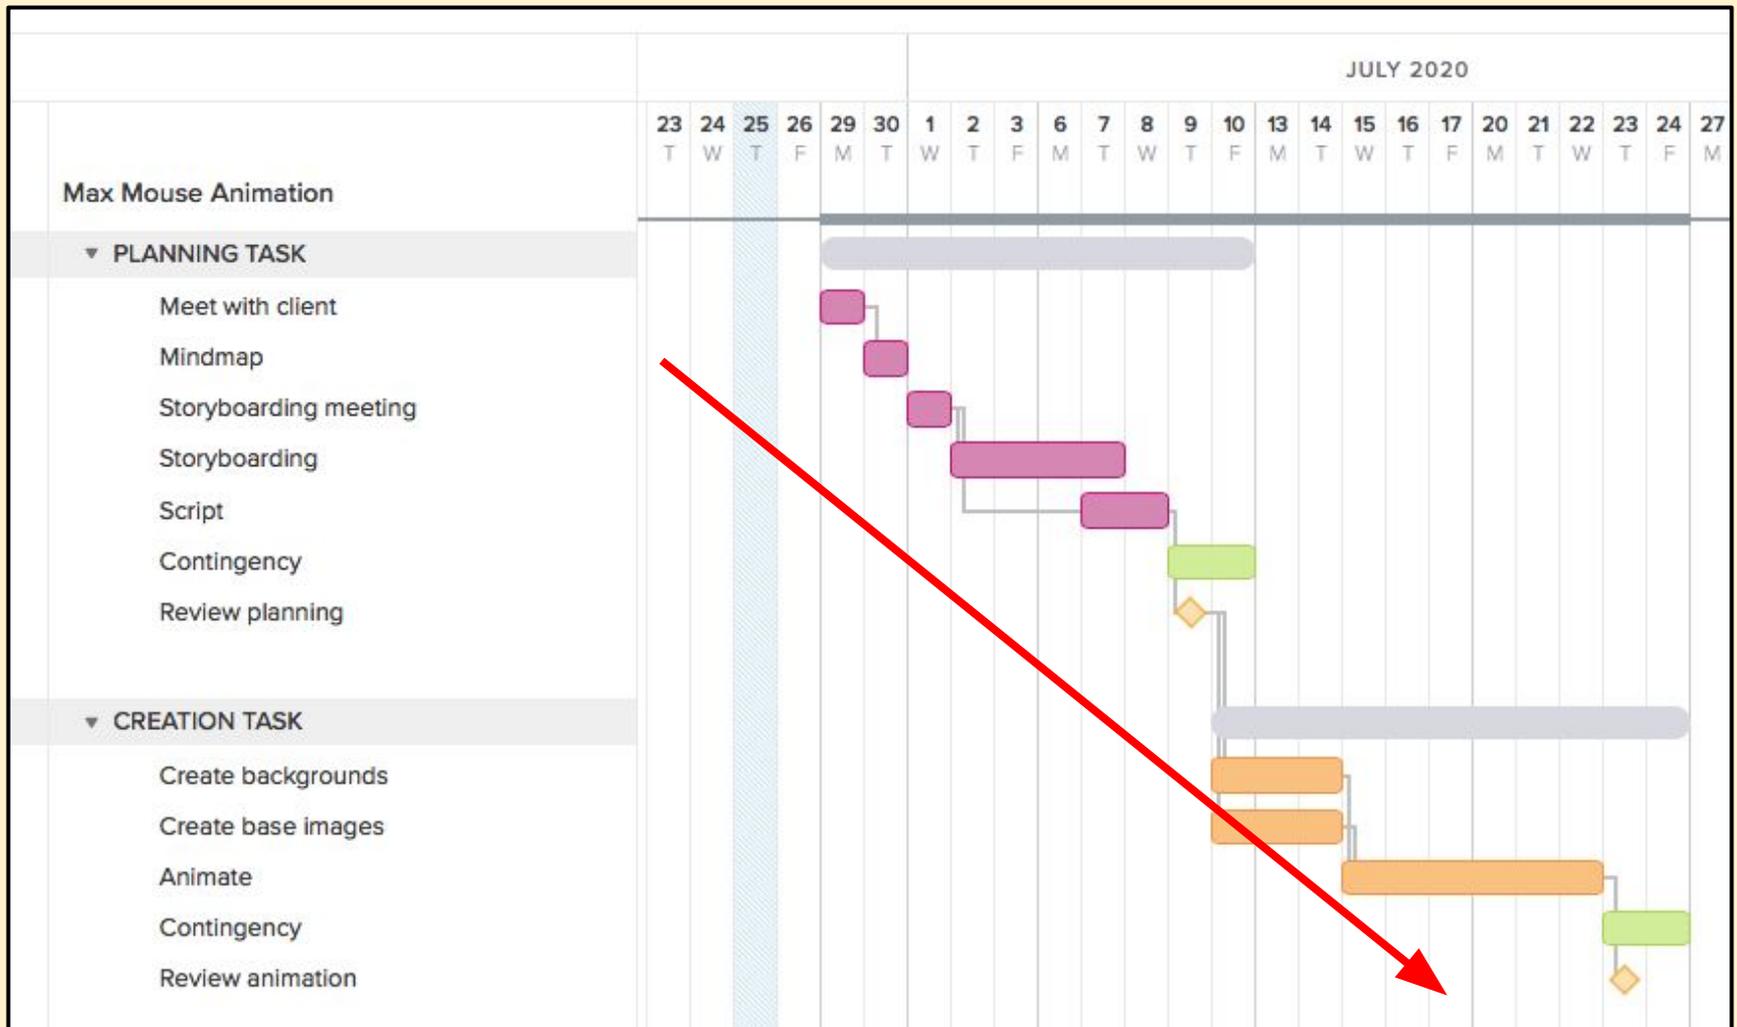

Work Plans

Gantt charts are often used professionally.

Work Plans

The idea of **workflow** is important...
