

# Designing documents

## For all apart from assets logs:

- a. What do they look like?
- b. Why are they used?
- c. What products would they be used for? (list)
- d. Who would make them? (creator)
- e. Who would use them? (audiences for them)
- f. What goes on them? (name the parts)
- g. How can they be made? (digital and physical)
