

Cyber Cafe client brief

Make a **screensaver** that will run in a library

The screensaver needs to be made in
PowerPoint

It needs to contain information about **staying
safe online**

Cyber Cafe client brief

The PowerPoint needs to:

- be made up of **4-6 slides**
- use a **consistent** layout and style
- **not** have a title slide
- **not** use any design templates
- have a **single colour** background
- each slide needs **no more than 50 words** and no more than 2 images
- writing needs to be large enough and clear
- run automatically and loop
- each slide needs a title and a logo in the same place

Cyber Cafe client brief

You will be told what information to put on each slide

- slide 1 needs to be about **personal data**

Cyber Cafe client brief

Task 1:

- set up the PowerPoint properly
- save the PowerPoint in a sensible place
- use a sensible filename

Cyber Cafe client brief

Task 2:

- learn about what **personal data** means
- make slide 1 of your PowerPoint
