

Interactive Digital Multimedia

1. Keep working on **adding slides** to your IMMMP
 - make sure you have a **mix of text and images** on each slide
 - get slides looking nice - pay attention to details and to style
 - make sure slides are **consistent**
2. Add **buttons** and **hyperlinks** as needed
3. Add **animations** and **transitions**
 - but make sure they are stylish and consistent
4. **Test your work**
 - do buttons work?
 - is it locked down in kiosk mode?

Cricket ground IMMP structure plan
