

Quiz project

Task: Create an interactive quiz

- The quiz needs to be made in **PowerPoint**
- The quiz needs at least **6 questions**
- Each question should be **multiple choice**
- The quiz needs to use **buttons**. It needs to be locked down to “**browsed in a kiosk mode**”
(Slideshow > Set up slideshow)

Quiz project

You can use the quiz you started in Year 8 or a new one

You can use **macros** to add a scoring system if you want. You don't have to, but it will get **more marks** if you do

You could include hints which users can ask for

Quiz project

Things you **could** do:

- clues could be pictures, movies or sounds
- questions could be based on pictures, movies or sounds
- there could be sound effects
- you could use animation and/or transitions
- you could do a 50:50 clue (remove two wrong answers)
- you could remove answers if they're wrong
- if you get a question wrong, go back to Q1...
