

E-safety rules

E-safety is all about keeping people safe on computers

This includes:

1. using good passwords
2. keeping devices safe
3. making sure devices don't get **viruses** or other **malware**
4. staying safe online
5. knowing how to deal with **cyberbullying**

E-safety rules

The three most important e-safety rules for Year 7 are?

E-safety rules

Where can you find out about staying safe online?
