# Quick Selection Tool

It's under the Object Selection Tool - click and hold

1. Use the tool to select the face on the **Background Layer**

2. Switch to the **Rainbow Layer**

3. **Layer** > **Layer Mask** > **Reveal Selection**

**To tidy up the edges...**

Brush tool

Colours - black and white only

Black to **remove**
White to **put back**

Using the brush tool

You can change the size and edge of the brush at the top to refine your work

Swap colours between black and white at bottom:
- Black to remove
- White to put back
