Add call outs:

1. Use the **Speech Bubbles** resource

Comic book workflow

Organise the Stack

The **Layer Stack** (bottom right) is the key to this

1. Keep **Layer 0** (the frames) on the **TOP** (drag it up)
2. Once a is frame done:
   a. **SHIFT click** to select all the **other** layers
   b. **Layer** > **Merge Layers**
3. Then work on the next frame

3

Comic book workflow

Keep Layer 0 at the top after merging visible
